Website www.southeastsecurity.com

Installation: Company agrees to install the equipment listed in the referenced quotes in a workmanlike manner in accordance with the following conditions: (A) Customer will make the premises available without interruption during companies normal business hours, ie., 8:00 a.m. to 4:30 p.m. excluding weekends and holidays; and (B) Customer understands that the installation may necessitate drilling in various parts of the premises. Company intends generally to conceal wiring in the finished areas of the premises. However, there may be an area in which, due to construction, decoration or furnishing of the premises, Company determines, in its sole discretion, that it would be impractical to conceal the wiring, and in such cases, wiring will be exposed.
*Customer, at Customer's own expense, agrees to provide any phone lines needed for systems to communicate off premises as well as uninterrupted 110 AC power outlets at designated locations for devices requiring AC power.

Limited Liability: We do not represent or warrant that the service will prevent any loss or injury due to burglary, hold-up, fire, personal emergency or otherwise, or that the service will in all cases provide the protection for which it is intended You acknowledge and agree that: (a) we have made no representations or warranties, express or implied, as to any matter whatsoever, nor have you relied upon any representations or warranties express or implied; and (b) you assume all risk of loss or damage to your premises or to the contents thereof. Company makes no representation or warranty as to the promptness of the monitoring center's response, and dealer has no control over the response time or capability of any agency or person who may be notified as a result of the system being used. You further understand that Company or the monitoring center may be negligent in providing service, and may fail to properly respond to the receipt of an alarm signal from the system, or that the system may fail to function properly. It is understood and agreed by and between the parties that the Company is not an insurer, nor is this agreement intended to be an insurance policy or a substitute for an insurance policy. Insurance, if any, will be obtained by the customer. Charges are based solely upon the value of the system and/or the services provided and are unrelated to the value of the premises, property and/or its contents. Therefore you agree that even if a court decides that a failure of the system or the Monitoring Center's negligence, or a failure of any repair work, monitoring or other service caused or allowed any harm or damage (whether property damage, personal injury or death) to you or anyone in your premises, you agree that Company has a total liability limited to the lessor of two-hundred fifty dollars ($250.00) or six times the monthly monitoring fee, and this shall be your only remedy regardless of what legal authority is used to determine that Company and/ or the Monitoring Center were liable for the injury or loss.

Recurring Service Fees: Company may increase monthly service fees at any time to recover any additional taxes, fees, license or other charges that may be imposed on us by any governmental agency, utility or equipment supplier and you agree to pay the same. In addition, company may increase the monitoring fee, if applicable, by not more than five percent (5%) of the current monitoring fee on each anniversary of the execution of this agreement by giving thirty (30) days prior written notice of the increase.

Delinquency and Default: If customer fails to make any payment when due we may discontinue service, terminate this agreement and recover all damages to which we are entitled including, without limitation, the value of the work and services performed and agreed upon The entire balance of all payments for the entire term herein shall immediately become due and payable and customer shall be liable. In addition, Company may impose a late charge of 1.5% per month (18% APR) on all payments more than 15 days past due.

Transmission Liner: For alarm systems only, customer will pay all telephone charges including any installation fee for a special jack to connect the system to your telephone service. The system includes a communicator (if applicable) that sends signals to the Central Monitoring Station over your regular telephone service, and we recommend the use of an RJ31X telephone jack or equivalent jack to give the system priority over the telephones on your premises; however, you will not be able to use your telephone service to make other calls (such as calls to the 911 emergency operator) when the system is activated, therefore you may want to have the system connected to a separate telephone service. If your telephone is out of order, placed on vacation status or otherwise not working, signals cannot be transmitted and we may not know of the telephone service problem. Transmission is provided over telephone facilities that are controlled and maintained by the telephone company and are beyond our control,

Monitoring Service: If applicable, the system will be monitored by a Central Alarm Monitoring and Call Centers Company will pay all

P.O. Box 326

monitoring fees charged by the Monitoring Center. If requested to do so, customer will complete and return to us or the Monitoring Center, the Center's standard Central Station Monitoring Agreement.

Assignees and Subcontractors: We may transfer or assign this agreement to any other alarm company or central monitoring center. You may not transfer this agreement to someone else (including someone who purchases or rents your premises) unless we approve the transfer in writing, We may use subcontractors to provide monitoring, repair, installation or other services. This agreement shall apply and protect our assignees and subcontractors in the same manner as it applies and protects Company.

Limited Warranty / Maintenance: Unless otherwise specified on above referenced quotes, during the first ninety (90) days after completion of the original installation, if any component of the system, materials or labor installed under this Agreement proves to be defective in material or workmanship, Company will repair or replace at Company's option free of charge the defective component, materials and/or labor. If, after the first ninety (90) days but within the first twelve (12) months after completion of installation, any component of the system (not including wiring) proves to be defective in material or workmanship, Company Will repair or replace said defective component at Company's option with a new or functionally operative component, but Customer shall be required to pay for any labor associated with the repair or replacement of the defective component. This limited warranty is extended only to the original consumer of the system and may be enforced only by such persons. The following conditions are not covered by the warranty: (a) Damage resulting from accidents, acts of God, adverse weather, alterations, misuse, tampering or abuse; (b) Failure of the Customer to properly close or secure a door, window, or other point protected by a burglar alarm device; (c) Failure of customer to properly follow operating instructions provided by Company at time of installation or at a later date; (d) Trouble in telephone lines; (e) Trouble due to interruption of commercial power; (f) The expense of ordinary maintenance and repair of said system wiring due to normal wear and tear; (g) The expense of extraordinary maintenance and repair due to alterations in the Customer's premises, alterations of the system made at the request of the Customer, or made necessary by changes in the Customer's premises: and/or (h) Damage to the premises or system (and components) by any cause beyond the control of Company. Service pursuant to the warranty will be furnished only during Company's normal working hours, 8:00 amt to 4:30 p.m., excluding weekends and holidays. Services rendered outside the normal working hours of Company are not within the scope of the warranty, and any services requested to be performed outside normal working hours will be charged to the Customer at Company's then applicable rate for labor and materials.

Third Party Indemnification: In the event that any person, not a party to this Agreement shall make any claim or file any lawsuit against Company in any way relating to the equipment or services that are the subject of this Agreement, including failure of the equipment or monitoring service in any respect, Customer agrees to indemnify and hold Company harmless from any and all claims and lawsuits including the payment of all damages, expenses, costs and attorney's fees, whether these claims be based on alleged intentional conduct, active or passive negligence, strict liability, or product liability, on the part of Company, our agents, servants, or employees.

Limitation on Lawsuits: **Waiver of a Jury Trial:** Both Company and Customer agree that no lawsuit or any other legal proceeding connected with this agreement shall be brought or filed more than one year after the incident giving rise to the claim occurred. In addition, any such legal proceeding shall not be heard before a jury. Each party gives up any right to a jury trial.

Suspension or Cancellation of this Agreement: You understand that Company may stop or suspend monitoring (if provided) and repair service if: (a) strikes, severe weather, earthquakes or other such events beyond our control affect the operation of our facilities, including the Monitoring Center, or so severely damage your premises that continuing service would be impractical; (b) there is an interruption or unavailability of the telephone service between the system and the Monitoring Center; (c) you do not pay the service charge or any fees or charges due to us, after we have given you 10 days notice that we are canceling service because of non-payment, we may charge a reconnection fee if service is suspended for non-payment; (d) we are unable to provide service because of some action or ruling by any governmental authority; or (e) you become a debtor in a bankruptcy proceeding.

Liability Disclosure for Software Installed by Southeast Security:
By installing, accessing, or using the software provided by Southeast Security, you acknowledge and agree to the following terms:

P.O. Box 326
1385 Wolf Creek Trail

No Warranty: Southeast Security makes no representations or warranties regarding the software's performance, functionality, or fitness for a particular purpose. The software is provided "as-is" and "as available" without any guarantees, either express or implied, regarding its operation or suitability for your specific needs.
Limitation of Liability
To the fullest extent permitted by law, Southeast Security shall not be held liable for any direct, indirect, incidental, consequential, special, or punitive damages, or any other losses or expenses arising from the installation, use, or inability to use the software, even if Southeast Security has been advised of the possibility of such damages. This includes but is not limited to data loss, system failures, security breaches, or loss of business.

Indemnification: You agree to indemnify, defend, and hold harmless Southeast Security, its officers, employees, contractors, and agents from any claims, damages, liabilities, or expenses (including legal fees) arising from your use of the software, including any claims brought by third parties.

Software Updates and Maintenance: Southeast Security may provide software updates or modifications as part of its services. However, Southeast Security is not obligated to provide ongoing updates or support unless explicitly stated in a separate agreement. You acknowledge that updates, if provided, may affect the functionality of the software and your system.

Security and Privacy: While Southeast Security takes reasonable measures to ensure that the software is secure, it cannot guarantee that the software will be free from defects, vulnerabilities, or security breaches. You are solely responsible for securing your systems and data, and Southeast Security will not be held liable for any loss, corruption, or unauthorized access to your data.

Applicable Law: This liability disclosure shall be governed by and construed in accordance with the laws of Ohio, United States. Any disputes arising from this disclosure shall be resolved in the appropriate courts located within Akron, Ohio.
By proceeding with the installation or use of the software, you acknowledge that you have read, understood, and agreed to this liability disclosure.

Quote: Brivo Access Control - Middle School & Annex Doors

Scope of Work

Project Objective:
Southeast Security will decommission and remove the existing legacy Kantech Access Control system at the Middle School and replace it with a modern, cloud-based Brivo Access Control system.

Scope of Work:
Decommissioning:
Disconnect and safely remove the existing Kantech Access Control panel, readers and associated head-end hardware.

Brivo System Installation:
Furnish and install new Brivo cloud based access control panels at the designated head-end locations.
Furnish two fifty packs of keyfobs.
Provide, replace existing and install necessary system power supplies and backup batteries.
Establish network connectivity for the Brivo panels to communicate with the Brivo cloud platform. Customer to provide network connections.

Reader & Door Hardware Integration:
Identify, trace, and disconnect existing cabling, connecting new readers to the new Brivo panels.
Reconnect existing door contacts to Brivo panels.
Furnish and install door contacts for door prop notification.
Integrate all readers, existing electronic door locks, into the new Brivo system.
If existing cabling and electronic locks are found to not be working at time of installation, a change order will be written for replacement.

Programming, Testing, & Training:
Configure the Brivo cloud account for the Middle School.
Program system parameters, mobile passes, cards, door schedules, access groups, and user credentials.
Perform comprehensive testing of doors to ensure proper locking, unlocking, and reporting functionality.
Provide system administration training to designated Middle School staff.

Reader Door Locations:
Main Entrance - Program only retraction kit near reader to unlock on valid read. Connect door contacts.
Main Office Entrance - Connection to Electrified Handle. Connect door contact.
Inner Set of Doors - Program all doors to unlock on valid card read. Connect door contacts.
South Annex Door - Connection to existing RIM Strike. Connect door contacts.
West Annex Door - Connection to existing RIM Strike. Connect door contacts.
