Dear Dr. Tamara Wallace and the Bucyrus City Schools Team,

We are excited and grateful for the opportunity to partner with Bucyrus City Schools to empower educators in providing equity and access to rigorous standards aligned instruction for all students.

Goalbook Toolkit is a one-of-a-kind solution that improves student outcomes by increasing teacher effectiveness throughout the special education process. It is an online solution that builds teacher capacity to develop higher-quality IEPs and implement them with more effective specially designed instruction. First, Toolkit guides teachers to confidently identify student present levels that are data driven. Next, it saves time in developing compliant and standards-aligned goals that address student individual needs. Finally, Toolkit helps teachers successfully implement IEPs and monitor progress with instant access to research-based instructional strategies and classroom-ready resources. Toolkit's online resources are supported by comprehensive professional development and training for teachers.

Beyond these ongoing core benefits, as Bucyrus City Schools plans for the 22/23 school year and beyond, Toolkit helps support the demands of special education in this unique environment:

- Providing assessments and a present level of performance tool to help identify areas of regression and urgent needs for skill recoupment, including essential standard areas.
- Supporting the development of skills based and standards aligned IEP goals with the appropriate levels of scaffolding to support both recoupment and growth.
- Delivering classroom-ready resources and strategies that support planning and the delivery of specially designed instruction in both classroom and remote environments.

The following is a proposal for services and a thoughtful implementation plan to be delivered across a 2-year partnership.

Sincerely,

Vinnie Ray
