RE: Resolution Accepting Rates

Enclosed you will find a copy of the Resolution Accepting the Amounts and Rates as determined by the Crawford County Budget Commission. Rates were established and approved by the County Budget Commission based on the Fund Activity Statement completed by your entity.

The Resolution Accepting the Amounts and Rates that is enclosed for your entity is comprised of four components. The first portion of the report relates to values and can be found at the top of the page. Here you will see the tax value by classification and taxing district within your political subdivision. The next section of the report indicates the tax receipt estimates, by levy, based on the tax values listed above. Next, the section labeled "Tax Rates and Reduction Factors," shows the individual levy, the rate, the prior year's reduction factor (2024 will not be available until mid-December), the effective rate, and whether the levy is considered inside millage or outside millage. The tax year that the levy was originally voted, the tax year that the levy was renewed, if applicable, and the tax year that the levy will expire can also be found in this section of the report. If any levy to be voted on November 7, 2023 does not pass, this office will automatically remove the levy and no further action will be required from your entity. Finally, the last portion of the report should be completed by your entity.

Please return a copy of the Resolution Accepting the Amounts and Rates once your entity has approved it, but not later than October 27, 2023.

Thank you in advance for your cooperation and please don't hesitate to reach out with any questions.
