*Staff Picnic*  
*May 18: Last Day with Kids*  
*May 23: TLIM training day*

*Our last month at BES has been very eventful! We completed our first ever 5<sup>th</sup> grade graduation and it was a true success. All of our events with students, staff and family were all wonderful and fulfilling to all.*

*Our first Mother Son/Father Daughter dance was an experience for all, from planning to attending. Our parents loved having this opportunity with their families and just bragged on the lifelong memories they created at BSS on this day!*

*All testing was completed with AIR and NWEA Map assessments and the ABC "Days" for kindergarten and first grade filled our halls with laughter.*

*We completed the year with our TLIM training day at CCSC (Crawford County Success Center) and will have a trade day in September for attending this day, and this training will discuss data binders, student led conferences and a path for a student driven year next school year!*
