

## POOL PASS CONSENT AND AUTHORIZATION FORM

The Bucyrus City School District ("District") Board of Education ("Board") has purchased pool passes to the Bucyrus City pool for District students to promote their health and encourage social and recreational activity in the community during the summer of 2023. Any student may be issued a pool pass provided the student's parent/guardian approves of and consents to the student's use of the pool pass to visit the Bucyrus City pool during the summer of 2023.

This Pool Pass Consent and Authorization Form constitutes the undersigned parent/guardian's (1) authorization for the Board to issue a pool pass to his/her own child to use during the summer of 2023 and (2) approval of his/her own child to visit the pool during the summer of 2023. By signing below, the undersigned parent/guardian also acknowledges and understands that:

1. Issuance and use of the pool pass is completely voluntary and is not a required District activity.
2. The Board's only role in providing pool passes to District students is its contribution of funds toward the purchase of those passes. Neither the Board nor its employees will have any supervision, custody, or control over activities at the Bucyrus City pool. The Bucyrus City pool remains under the supervision, custody, and control of Bucyrus City according to its typical rules and regulations.
3. There are inherent health and safety risks associated with swimming and/or attendance at a pool. As a condition of the issuance of a pool pass, the parent/guardian hereby releases the Board, its officers, members, employees, and agents, in both their official and individual capacities, from any and all liability or demands for personal injury, psychological injury, sickness, or death, as well as for property damage, of any nature whatsoever which may be incurred as a result of student's use of the pool pass. The parent/guardian agrees to hold harmless and indemnify the Board, its officers, members, employees, and agents, in both their official and individual capacities, from any liability sustained as a result of the negligent, willful, or intentional acts of other persons occurring while the student uses the pool pass or attends the Bucyrus City pool.
4. This permission shall be applicable during the summer of 2023 only.
